Making Friends
Creating Media Projects
Learning New Skills
Digital Technology Awareness
and much more...

EDUCATING and FUN

PODCAST. Experience

Our podcast experience will help build **communication skills, confidence**, and assist better **mental health** and **social interaction** through a carefully designed set of audio experiences.

WE supply the equipment, **YOU** supply the ideas, and **TOGETHER**, we will build your podcast.

The podcast experience is ideal for Schools, Colleges, Charities, Youth Clubs, Community Groups, Business, and Corporate Experiences.

Whether it's just for fun, or you think you're the next big podcast star, we'll help you on your way!
(Just remember us when you *'make it!'*)

The Podcast Experience is delivered by two broadcast professionals with a combined experience of 40+ years.

THE PROCESS

1

PODCASTING INTRODUCTION

It's a basic health and safety chat with a short quiz to start the experience.

2

PREPARATION & THE PODCAST

We complete two fun audio exercises before we record *the* podcast.

3

TIME FOR PHOTOGRAPHS!

Take photos with the equipment. Great for your social media pages.

4

AUDIO DELIVERED TO YOU DIGITALLY

We take the audio away and edit it, then make it available for sharing.
